

Nigerian Civil Engineers Newsletter

A Newsletter of the Nigerian Institution of Civil Engineers

.....SUSTAINING THE WORLD'S INFRASTRUCTURE

(A Division of the Nigerian Society of Engineers)

APRIL, 2022

NICE National Chairman, Engr Dr Jang Chuhwak Tanko FNSE FNICE MASCE, delivering his speech during the Courtesy Visit to the office of the Executive Secretary of FCDA on 06-04-2022

VISION

Our vision is that the Nigerian Institution of Civil Engineers shall be a world-renowned body which will be a pride to all Civil Engineers in Nigeria.

MISSION

- ♦ To make unique contributions to the development process of the country by constituting itself such that it would be a reservoir of civil engineers with specialized knowledge, experience and skill, constantly updated through the highest standards of continuing professional development programmes.
- ♦ To establish and maintain standards and codes for the practice of Civil Engineering.
- ♦ To be constantly in touch with the Government at all levels, for necessary inputs and contributions to policies and matters affecting members and the development of the profession.
- ♦ To encourage the study of and research in Civil Engineering and bridge the gap between industry and Institutions involved in Civil Engineering Research.
- ♦ To relate with and promote cooperation with similar professional organization the world over.

Editor's Pen

Dear Distinguished Civil Engineers, we present to you another interesting edition of our newsletter.

This edition features the activities of Our Various Chapters in the month of March, 2022.

NICE Marches Forward:

The delegates of the Nigerian Institution of Civil Engineers led by the National Chairman, Engr Dr Jang CHUKWAK Tanko FNSE FNICE paid a courtesy visit to the CCECC to discuss about the prospects of a joint venture agreement for the development of NICE Landed Property located in Abuja .

NICE Port Harcourt held her Annual Conference and General Meeting while NICE Abuja , Jalingo and Lagos Chapters featured the technical Sessions at their meeting for the month of March.

We also celebrate with our former National Chairman- Engr Dr. Aishatu Umar FNSE FNICE NSE - VICE

PRESIDENT on her appointment as Continental Representative for Africa for the World Council of Civil Engineers .

NICE also felicitate with Engr Mustapa Balarabe Shehu FNSE FNICE FAEng as the World Engineering Organizations President Elect

Also we congratulate our NICE Ogun State past Chairman- Engr Dr. Kolawole Olonade as he jointly won the Royal Society Research Grant for a project titled - developing Modular Interlocking bricks and blocks with the entire waste reuse model in Nigeria and United Kingdom.

Stay tuned as NICE Marches Forward by making impact all over the world.

Engr. Dr. Omolola Adetona, FNICE
Editor-in-Chief

NICE WARRI CHAPTER CELEBRATE MAY DAY

Engr. Augustine Ashibuogwu, MNSE (Left), Surv. Abraham Umukoro, MNIS (Right) and Engr. Dr. Sony E. Ali, FNICE (online) at Rize FM 106.7 Radio to discuss the topic: BUILDING AND ROAD INFRASTRUCTURE AS TOOLS FOR SUSTAINABLE DEVELOPMENT IN NIGERIA (Part 2) on Saturday, April 30, 2022 (2:00 - 3:00 pm).

Engr. Callistus Njoku, FNICE - the new NICE WARRI CHAPTER CHAIRMAN who emerged yesterday, Saturday, April 23, 2022. Though he has swung into action, during the July 09, 2022 Engr. Lawrence O. Ajuyah, FNICE, FNIStructE, FNSE Annual Memorial Lecture, our NC, would supervise his swearing in.

NATIONAL CHAIRMAN WORKERS DAY MESSAGE 2022

Happy Birthday

CELEBRATION OF LIFE

**ENGR. ALI ALIMASUYA RABU, FAEng, FNSE, FNICE
President of COREN**

Engr. A.A. Rabi is the Executive Partner of AR – AR Partnership,* an indigenous consulting outfit with a professional practice embracing a full range of activities in Civil Engineering, Water Resources Engineering and Project Management.

Born on April 24th, 1963, in Lafia, Nasarawa State, Engr. Rabi studied Civil Engineering at the Federal Polytechnic, Bida and Bayero University, Kano.

He has over the years acquired extensive experience in various aspects of Civil Engineering works particularly construction supervision and procurement services.

He has served the Nigeria society of Engineers in various capacities which includes 3-times Vice President and many more.

Engr. A.A. Rabi, a well-traveled Personality has several awards locally and internationally and is married with Children.

REPORT ON THE PROFESSIONAL TRAINING PROGRAM FOR YOUNG ENGINEERS IN NORTHWEST REGION

Upon assumption of office, the National Chairman, Engr. Dr. Jang C. Tanko, declared an eight-point agenda to guide his tenure. One of them is the training of Young Engineers. The program initially started from the Lagos Chapter of NICE and it was a resounding success. The Nigerian Institution of Civil Engineers, Kano Chapter, launched its training program on September 14, 2021, when the National Chairman visited Kano Chapter. The training program had earlier been approved by the Kano Chapter Exco to key-in into the National training program.

The High Table Observing the National Anthem with the National Chairman, Chapter Chairman, IPNC, Past Vice-President of NSE and ES at the far left

The Chapter Chairman, Engr. Prof. H.M. Alhassan, Delivering his Welcome Address at the AGM and launching of the Training Programme

The National Chairman Engr. Dr. Jang C. Tanko, FNSE, FNICE giving his remarks at the Event.

After lengthy deliberations, the exco approved the structural engineering option to start the program and the facilitators for the program were thus selected. The facilitators are:

1. Engr Abubakar Garba, MNSE, MNICE
2. Engr Rufai Sadiq, MNSE, MNICE
3. Engr Hamza Umar, MNSE, MNICE
4. Engr Gbolahan Olushola Samuel MNSE, MNICE

The course module used for the training included,

- a. Structural Loading and Analysis
- b. Slab Design (Cantilever Slab, Restrained Slab, Simply Supported Slab, Continuous Slab, One-way Slab, Two- Way Slab)
- c. Beam Design
- d. Column Design
- e. Foundation Design
- f. Structural Detailing
- g. Real life cutting, bending and Fixing of reinforcement
- h. Project Management

An application form was made available to participants to indicate interest in the program. After shortlisting the applicants, the following participants emerged in two batches.

Batch A

Batch A commenced activity on 17th October 2021, and it lasted for six weeks. After the new year the second batch commenced and finished on March 19, 2022. The trainings for the two batches were held on Saturdays from 9.00am to 4.00pm. The Ministry of Works and Infrastructural Development Conference Room was the venue for the training while the TRIACTA concrete yard along Hadejia Road was used for the practical trainings.

The maiden graduation ceremony was held on March 26, 2022, at the theatre of the Chemical and Petroleum Departments of the Faculty of Engineering, Bayero University Kano. The National Chairman delivered his opening address via zoom. He congratulated the chapter and urge them to continue the good work.

A 6-DAY INTENSIVE PHYSICAL TRAINING

ON SOME CIVIL ENGINEERING COURSES SUCH AS

- STRUCTURAL DESIGN OF REINFORCED CONCRETE STRUCTURES.
- HIGHWAY ENGINEERING,
- WATER RESOURCES ENGINEERING,
- GEOTECHNICAL AND FOUNDATION ENGINEERING
AND INTRODUCTION TO BRIDGE CONCRETE ELEMENTS

**FOR FRESH GRADUATES
AND UNDERGRADUATES
IN THE FIELD OF CIVIL ENGINEERING
AND QUALITY CONTROL IN CONSTRUCTION**

(PART 1) COURSE CONTENT:

1. Structural Design of Reinforced Concrete Structures
2. Highway Engineering
3. Geotechnical and Foundation Engineering
4. Water Resources Engineering
5. Introduction to Bridge Concrete Elements
6. Visit to Project Sites

For Whom:

This Training is important for all Fresh/Under Graduates in the Field of Civil Engineering and Practicing Structural/Civil Engineers.

Date/Period: Monday 20th June - Saturday 25th June, 2022

Venue: Federal Secretariat Conference Hall Jos, Plateau State (FMW/H)

(There will be a 30 minutes break from 1:30pm to 2:00pm)
